

SARDORBEC O'KTAMOV

Backend developer

Hi, thank you for your interest in me. I hope the information about me doesn't take you away from me. I am currently working as a Chief Specialist of the Civil Service Agency in the center of Rishtan district, Fergana region. I was very interested in the IT industry and wanted to change my profession and I have been working on it for some time, I believe I am close to achieving the goal.

EXPERIENCE

Tashkent city, Chirchik district
May 2021 - Currently

Backend Developer

LWS Prowork

I am currently doing an online internship at LWS Prowork and during this time I have gained the necessary knowledge about Backend

EDUCATION

Online
August 2020 - February 2021

Fulfil

Fulfil education

I received basic and intermediate training in Python, Django, DRF technology, during which time I mainly completed two or more projects.

Here are a few examples:

1. **dxm-news.uz** (this is my first project)
2. <https://github.com/sardoruktamov/construction> (will be put on the server soon)
3. <https://github.com/Ahmadjonov-98/startup> (will be put on the server soon)

github.com and gitlab.com:

1. <https://github.com/sardoruktamov>
2. https://gitlab.com/s_uktamov

Online
April 2020 - July 2020

GitMax

Git Max learning center

I have a satisfactory knowledge of html, css, js, bootstrap technologies and I had a basic knowledge of python and django technology. The teaching process ended early due to the teachers poor health.
